HALLOWEEN

Spooks Will Prowl Friday Night

The old haunted house will have nothing on the Community Hall on Friday, Halloween night. All the committees of the Joshua Tree Womens Club have been like eager beavers the last few days getting ready for the big party for the grown-ups. There's a lot of hush-hush stuff, too, because it's a masquerade affair and the gals—and guys, too—have been cooking up costumes with which to fool the neighbors, they hope.

Games and entertainment have been planned to keep every one in a holiday mood. It's rumored that plenty of good things to eat will be available and, if you live thru the weird events of the evening, you'll have an appetite for all of them. So dust off the mask, or get a new one, and get set for Friday the 31st—it's Halloween at the Community Hall and the Womens Club party.

For the younger generation a party full of surprises has also been arranged. It will be held on the same evening at the schoolrooms in the American Legion Hall.

W. M. Mitchell Passes

Word was received here Thursday by Charles A. Mitchell, Townsite Company manager, of the death of his brother, W. M. Mitchell of North Hollywood. It was reported that Mitchell, while watching a helicoper, was killed at a city maintenance yard by a backing truck, He was crushed under the wheels.

Mr. and Mrs. C. A. Mitchell left Joshua Tree immediately upon hearing of the tragedy. They remained to attend the funeral which was held at 11 A.M. Monday. Services were at the Praiswater Mortuary in Van Nuys.

JOSHUA TREE TO GET NEW SUPER SERVICE STATION

LOS ANGELES, Oct. 27 (Special to Joshua Journal) — It was learned today that Mrs. Lois Cobb of Hollywood has purchased the property on the northwest corner of Park Avenue and the main Highway in Joshua Tree and will erect a super deluxe service station at once. Mrs. Cobb says that it will be the finest, most complete station of its kind on the desert.

A ten year lease has been given to the Shell Oil Company. Acting for the Shell organization was Al Nelson, district manager, with headquarters at Banning. Negotiations were handled and all parties represented by Steve Moninger, vice-president of the Bunker Land Company at the Los Angeles office. The total investment is in excess of $20,000, it was reported.

Mrs. Cobb is with the public school system of Los Angeles and has been on an extended leave of absence. She is well known in Joshua Tree and has been a frequent visitor there. Mrs. Cobb also has residence property in Joshua Tree.

Construction on the service station will start as soon as final details are worked out with the contractors.

Style Show Pleases 29 Palms and Joshua Women

Shortly before one o'clock on Wednesday the ladies of Twentynine Palms and Joshua Tree, with eyes styleward, motored to the charming home of Mr. and Mrs. William Shutze of Harmony Acres to participate in a dessert-bridge-fashion show under the auspices of the Twentynine Palms Women's Club, with Mrs. Theodore Hayes presiding.

The executive and artistic abilities of the hostess and her co-worker, Mrs. Loring Wild, were in evidence throughout the afternoon.

While the ladies played bridge or rummy or pinochle, from the local shops came a series of intriguing hair-dos, Indian jewelry and wearing apparel modeled by the Misses Lorena Cristie, Susan Ince, Phyllis Donnelson, Katherine King, Martie Stewart and Jeannie Van Nees; Mesdames Marie Buller, Blanche Gorsuch, Sarah Kruschatt, Rose Lippin, Dawn Powell, Dorris See; Juniors Steven Phelps and Gray Stubbs.

The next meeting of the club will be November 12th when Floy Bernice Palmer, will discuss current trends and new books.

Construction Started on Pharmacy

Last week saw considerable progress in the construction of the business building being built by F. F. Branthoover for James A. Shearn of Hollywood. Crushed rock and sand and form lumber were hauled to the building site last week. The oundations are formed, filling done and the rough plumbing already installed. Work on the foundations and pouring of the floors is in progress this week.

The building when completed will be leased to S. F. DeLongs, Yucaipa who will operate the business as DeLong's Pharmacy. Mrs. DeLong is the former Effie Carpenter, one of the early day residents of Joshua Tree. They have been occupying the Frank Fox residence on Valley View Circle.

According to Branthoover it is expected to have the structure completed in less than ninety days. It will be built of concrete blocks, painted white, and a red tile roof to carry out the desert motif. Space is provided for a large soda fountain, a kitchen, rest rooms, storage room and prescription department as well as merchandise display.

The DeLongs expect to build a home on a hillside view lot in the south part of Joshua Tree.

Two Dead, Five Hurt in Crashes

Death rode the desert highway Saturday night and claimed the lives of two Palm Springs youths in an accident on a curve in the road about four miles west of Joshua Tree at 2 a.m. According to reports the dead were Jerry Lane, 21, and Robert Urton, 23. Injured at the same time when his convertible Ford coupe overturned was Milton Knapp, 23. Knapp said that the trio had been to 29 Palms and were returning to Palm Springs with Lane driving. Knapp was sleeping and awoke to the screech of brakes. He recalls no details except picking himself up and hitch-hiking for help. Dr. E. L. Smith attended and Jack Cones drove the 29 Palms ambulance to the scene. Knapp was taken to the Palm Springs hospital by Officer John K. Wood of the California Highway Patrol.

In a crash that involved two cars earlier in the evening a mile east of Joshua Tree four people were injured, none seriously.

Driving west in a Plymouth pickup Ralph E. Smith, 40, of San Bernardino collided with a Buick convertible sedan driven by Thomas J. Tretheway, 30, of Huntington Park. In the sedan with him were his mother, Alta Tretheway, 63, and his wife, Jean, 19. The collision occurred at 7:30 p.m. and was almost head-on. The left front sections of both cars were badly damaged.

The 29 Palms ambulance with Constable Jack Cones went to the scene of the crash. Dr. E. L. Smith attended all the injured. Officer John K. Wood investigated both accidents.

Le-Orra Courts Completed

The newest addition to the list of guest accommodations in Joshua Tree is the attractive building on the 29 Palms Hiway named Le-Orra Courts, owned and operated by Mr. and Mrs. Frank Wilberg. This first of several planned units consists of six modern, electric-heated, air-conditioned guest rooms each with individual shower and spacious clothes closet. New, modern furnishings include soft, comfortable, bed; attractive writing desk; lamps and chairs. In addition to the guest rooms are the owners apartment and service rooms.

Le-Orra Courts offer excellent accommodations for the casual overnight guest or for those who wish to stay a longer time without the bother of housekeeping. A wide cement walk running the length of the building provides an outdoor lounging place where the guest can revel in the desert air and sunshine. An ornamental projection over each unit lends the modern touch which is further enhanced by the solid, massive doors that contrast with the coral tone of the buildings exterior. The Wilbergs welcome your inspection of Le-Orra Courts and assure all guests that reasonable rates are in effect.

PTA To Stage Social and Show

At the October meeting of the Joshua Tree PTA held in the Legion Hall last Tuesday night the members voted to prepare and present a minstrel show and box social in order to raise funds with which to buy needed equipment for the school. Plans to blacktop a basketball court in cooperation with the American Legion post were also discussed. Mrs. Gerald Papendick, Mrs. Harry Wheeler and Mrs. Fred Marble were appointed to make the necessary arrangements.

President Josephine Beard announced the evening's theme as Living Together in a Community and introduced speakers from several civic organizations.

Gerald McMillen discussed various aspects of a ballot on Universal Military Training sent out by the California Congress of Parents and Teachers, Inc. As shown by ballots marked by Joshua Tree members the local sentiment is preponderantly in favor of military training for all youths and an adequate military organization for national defense.

Sarah Mitchell spoke of the part that the Women's Club plays in improving the cultural life in a community and invited all women to participate in its activities.

Ray Rees recounted the history of the local ambulance association and told of the work the volunteer drivers and attendants have done in aiding the sick and injured. He said the drive for funds is still short of the goal set.

Dr. D. C. Williams, pastor of the Community Chapel, made a plea for better understanding between all people in the community. "Because many of us are like children we often do childish things," he said. "Because we are unsure of ourselves we put a chip on our shoulder; a sure sign of an inferiority complex. Small people make small towns," he continued, "and if we want a town to grow we ourselves must first mature and grow." Dr. Williams concluded by pointing out that understanding our neighbors is the basis of living together in peace.

Mrs. Milbrey Papendick, membership chairman, signed up a number of members for the coming year and announced that a drive for more is now on.

After the meeting the thirty-five members present were served home made cake and coffee.

All Expense Tours Popular

The first of the all-expense tours conducted by the Bunker Land Company started Saturday and Sunday of last week with three cars bringing interested tourists to our desert community. Because of the demand for accommodations reservations must be made at least two weeks in advance.

It is planned to have two cars available on Wednesdays and five or more for the Saturday trips. The tours include transportation, meals and lodging and a sight-seeing trip while here.

Prizes To Be Given Sun Valley Visitors

Visitors to Sun Valley Acres who register at the Tract Office with Larry Gray will be awarded several hundred dollars worth of beautiful prizes. The drawing will be held on Armistice Day, November 11th. The merchandise to be given to the lucky registrants has been purchased and is on display at Wilson's Home Furnishings in Joshua Tree. The Bunker Land Company are the donors.

Patty Keys, Bob Garry Wed at Yuma

Surprising their many friends in Joshua Tree Patty Keys, 19, and Bob Garry, 28, motored to Yuma, Arizona, late Saturday night and were married at 8 a.m. Sunday morning. They were accompanied by Mr. and Mrs. William Bunker and Mr. and Mrs. Eugene Ford of Joshua Tree.

The bride, an attractive brunet, is the daughter of Mr. and Mrs. William Keys of Keys Ranch in the National Monument and is a popular member of the younger set. The groom is the son of Mrs. Frank Wilberg of Joshua Tree and formerly from Milwaukee, Wisconsin. Bob saw service in the Navy during World War II. He was the heavy hitting right fielder of the Joshua Cubs.

The Personal Touch

James F. Whitehorn of Palm Springs officiated at the Whitehorn Ranch last week during the absence of the Ranch manager, Meredith Willey.

Among the first property owners in Joshua Tree, the H. L. Roberts of Los Angeles spent the weekend here planning their new home.

New property owners are the Gentrys of Mentone who arrived with their trailer. They purchased a business lot, No. 8 in Tract 2786.

Gust Ojala of Hanna, Wyoming, spent last week in Joshua Tree visiting the family of his son, Gus Ojala.

Lars Moen, author and teacher, spent the weekend trying to beat a deadline for a popular magazine. He had to complete a thirty page story while here.

Guests at Golden Tree Lodge for the weekend were Mr. and Mrs. A. C. Hansen of Los Angeles. Mr. Hansen is with the regional office of the W.A.A.

A weekend guest at Mira Monte Courts was Major Jacob J. DeWaard of Los Angeles. The Major made interesting and pertinent comments anent the present situation in Germany from where he has recently returned. Major DeWaard was on duty with the Signal Corps in Berlin.

Mr. and Mrs. A. S. Wood were among the first contributors to the Ambulance Fund. Their names were unintentionally omitted from earlier lists.

Ambulance chasing as a hobby, say Rosemarie and Dean Campbell of Hollywood, is all right if you know which way the ambulance is going. Saturday night the ambulance fooled them; it was going away from the scene of the crash. What are a few gallons of gas, anyhow; think of the lovely moonlight ride!

Ball Players Feted at Chop Suey Dinner

More than one hundred fifty fans and friends honored the members of the Joshua Cubs champion ball team at a chop suey dinner Saturday night at the Legion Hall. In the preparation and serving of the banquet and the decorating of the hall Mrs. Wiser was assisted by Jeanette Irwin, Eugenia Hoover, Jeanette Clark, Gladys Teeter, June Houghton, Mary Ojala, Georgia Harrington, Nellie Willey, Norma Bunker and Lynn Snyder.

After the diners had finished their repast Meredith Willey acting as master of ceremonies introduced the members of the team to the fans. Claud Irwin, team manager, speaking for the champions thanked those present for the inspiring support given the team thruout the season.

An interesting program of sleight of hand and magic was presented by Hamilton of 29 Palms. The attractive floral decorations and centerpieces were auctioned off. After the tables were cleared many of the diners stayed for dancing to recorded music played over the public address system.

NATIONAL DEFENSE AND UNIVERSAL MILITARY TRAINING

A news item in this issue of the Journal states that the members of the local Parent-Teachers Association voted overwhelmingly in favor of universal military training for our young men plus an adequate volunteer regular military establishment. The ballot which occasioned the vote was sent out by the California Congress of Parents and Teachers, Inc. The statement adopted by the Board of Managers of the Congress was an ambiguously worded affair; it was on two supplemental questions that our local citizens took such a definite stand.

The Los Angeles Times last week commented editorially on the contradictory nature of the stand taken by the Board of Managers. The American Legion as reported in the Times is definitely opposed to the avowed position of the California heads of the Parents and Teachers Congress.

The ballot leads us to wonder if the Board of Managers was ill-advised or if it was deliberately trying to mislead the rank and file of PTA members. In view of our present unsatisfactory relations with Russia it is encouraging to know that the thinking people of Joshua Tree realize the necessity for complete preparedness, and it is good to know that we are not alone in this matter.

We hope that statewide results of the balloting will be made public and that the California Congress of Parents and Teachers, Inc. will get on the right track.

THOUGHTS AT SUNSET

Reluctantly I yield tonight
The glories of the passing day;
That canvas wrought by Master brush
Reveals a God; I pause and pray.

Just clouds they were this afternoon
In colors white and gray;
But now they change to brilliant hues;
Spellbound I look, and pray!

Phone Company Asks Rate Increase

The Public Utilities Commission of the State of California has announced that the opening of the hearing requested by the California Water & Telephone Company will take place at 10 a.m., Thursday, October 30, 1947, in the Commission Court Room in the State Building in Los Angeles, according to Fred H. MacGougan, General Manager of the Telephone Division of the company.

The purpose of this hearing, MacGougan said, is to explain the reasons for the need of an increase in telephone rates. Copies of the application for the hearing, schedules of the proposed rates and exhibits relating to the financial condi ion of the company were furnished all cities affected in advance o fthe hearing. Because of a severe decline in earnings, due to the increased cost of operation and construction, the company has found it necessary to request the Commission to authorize and immediate increase in rates on an emergency basis. The rates no win effect were established in general in 1919, nearly thirty years ago, and are inadequate for present day financial requirements.

In order to carry on its large program of construction the company must market $2,000,000 of its securities within the next few mon hs, MacGougan said, and to do this successfully investors must be given a reasonable assurance of a fair return. Unless the net income is substantially increased the company will not be in a position to offer inves ors this assurance of a fair return, making it impossible for the company to sell its securities and acquire the additional capital needed. Because of the highly inflated cos s of material and labor the only possible way to effect the necessary increase in net income is through the authorization of an increase in rates, MacGougan sta ed.

Joshua Tree School News

By GERTRUDE HAGUM

Butterflies and moths were discussed last week after Carol De Land brought a beautiful orange and black Monarch butterfly for the display table.

Betty and Donna Robertson brought some silkworm cocoons and silk which had been taken from the cocoons.

Annalee Beard, bulletin board monitor, put up pictures of the life history of the Monarch butterfly and of the silk industry in Texas.

Decorating paper napkins and place mats for a children's ward in San Bernardino County hospital is a Junior Red Cross project in which Joshua Tree students are participating. When 25 napkins and colored paper place mats have been decorated, they will be sent to Mrs. Sally Stubbs, Junior Red Cross chairman, who will see that they reach the hospital.

Children working on the Junior Red Cross project and on Halloween posters Friday afternoon surprised the teachers by saying that they wanted to stay in and continue their activities instead of going out for afternoon recess. They were quite disappointed when they learned that they were required to be outside during the ten minute recess.

Classroom monitors appointed last week include: Billy Brown, blackboard; Damon Wheeler, librarian; Annalee Beard, bulletin board; Shirley Carrico, locker and room neatness; James Lafferty, basket passing and floor neatness; Warren Marble, pencils; Jimmy Hendrick, reading circle; Jerold Ellison, ventilation; Geraldine Hunt, paper; Carol De Land, plant watering, and Nancy Marble, bell ringer at end of lower grade games period.

Combining handwriting practice with colonial life study, students copied stories about the Pilgrims last week.

Geography entered in when maps of the North Atlantic states were distributed. Each child put the names of the New England states on his map first. Later, names of the middle colonies will be added.

In a discussion of European countries, to obtain background information, different children contributed what they had heard. Carol De Land's brother is now in France. Everyone knew about Switzerland from the story of Heidi by Johanna Spyri, which Miss Hagum read aloud last month.

The fourth grade group obtained arithmetic workbooks last week. Now those doing fourth, fifth, and sixth grade work have both the state text and a workbook. Each group completes regular assignments and tests in the state text, but all go ahead at their own speed in the workbooks, obtaining individual help as needed.

Singing of "Billy Boy," with the girls taking one part and the boys the other, was enjoyed by the upper grade students last week.

Mrs. Keatley's group have been learning many songs, some of which they have heard on their teacher's phonograph. Records are library.

Recently Rachel Canoles and Lynn Fletcher rearranged the display table. They covered it with wide wrapping paper and used black and orange paper under the rock collection, ivy and sweet potato plants, and colonial life objects.

Lynn made a trellis with string and thumb tacks for the sweet potato plant which Norma Ojala brought.

By ANTOINETTE KIRCH

Dr. D. C. Williams read from the 4th Chapter of the Book of St. John and preached a most inspiring sermon on the Living Waters of Everlasting Life.

Mrs. L. Strong, a missionary from India, gave a very interesting talk to the Sunday School, telling of her work and experiences in that country.

Mrs. Kirch sang "His Eye is on the Sparrow," with Mrs. H. K. Lee at the piano.

For the month of November our service will be held Sunday evening at 7:45 p.m. at the Community Hall. Please remember this change and come and join with us in a splendid service and song fest.

Naval Officers Invested in New Desert Resort

Rear-Admiral Ralph E. Wood, USN (Ret.), who has been acting as Tract Manager at Borrego Springs for the past year, reports that numerous naval officers have made purchases there, either for investment purposes or for the purpose of building a winter-time desert home to enjoy the unparalleled excellence of climate found in Borrego Valley.

Because Borrego Springs is within easy driving distance of Long Beach, San Diego, Del Mar, La Jolla, Coronado and other coastal towns, navy families living there are able to enjoy the advantages of a home in Borrego Springs either as a weekend resort or as a permanent winter home, at the same time maintaining a year-round home on the coast. Vice Admiral Jesse B. Olendorf, commander of the Ninth Naval District is among among those officers who have succumbed to the lure of the desert.

Ground has been broken for a $100,000 Borrego Desert Club, an exclusive club open to members and their guests. Thirteen miles of paved roads have been installed, with water mains and utilities. Many new homes have been started and are nearing completion, among them Admiral Wood's modernistic des rt home of a new type of concrete brick particularly adapted to desert living and now available in ample quantities at Borrego for immediate construction.
